Nkhangwe Masindi is a Senior Quantitative Analyst/Head of Analytics at Nedbank Ltd. Nkhangwe held several senior positions at various industries ranging from Insurance/reinsurance (Old Mutual and Swiss Reinsurance), banking (Absa, Nedcor Investment bank and Nedbank) petroleum (BP) and consulting (Deloitte & Touche). He holds a BSC in Mathematical Sciences from the University of the Witwatersrand, an MBA from the University of Potchefstroom, a certificate in taxation from UNISA and is one of the first five graduates in Masters in Development finance from the University of Stellenbosch Business School.

Mr Masindi is highly experienced in quantitative operational risk analysis, particularly in banking, having worked in the implementation of the Basel II Advanced Measurement Approach (AMA) at Absa, the first bank to obtain the AMA status in Africa. He is currently working towards his PHD at the University Of Cape Town Graduate School Of Business. His research topic is as follows:

The impact of foreign direct investment and economic growth: A case of chosen African Countries
